

Motions adopted by unanimous roll call vote at Public Hearing on 081621:

1. The charge for hard copies of WEVD municipal records shall be set at \$1 per page. This reflects the production costs for such copies – the cost of paper, toner, etc.
2. If a member of the public requests municipal records which exist as electronic documents, the District may provide the requested documents in an electronic form. If the requested data exceeds 5 gigabytes, the District will provide a portable storage device upon which it will put the files and charge the member of the public the cost of the storage device plus \$2.
